GREEN
PARTY US

Help us get the green party into city council by spreading the word on Jose Plasencia. He is running for District 4 (northeast). Here is the link to his Facebook page: [Jose For City Council](#).

Updates

With president Trump's inauguration this past Friday it's easy to forget that there are plenty of local issues. Despite ongoing efforts from the El Paso Green Party and other progressives, the Comanche Trail pipeline is going to be nearing completion sometime soon. Thanks to everyone who played a part in trying to stop this. Renewable energy is a no brainer here in the sun city.

Ranked Choice Voting (RCV) otherwise known as Instant Runoff Voting (IRV) is a hot topic among the green party at large. To learn more about RCV, visit fairvote.org. This is something that everyone needs to know about so we can eventually get it passed at the local level. The El Paso Green Party going to bring up the topic to city council.

Join us at Gray Dog next Tuesday Jan. 31st at 5:30 PM for our monthly El Paso Green Party meeting. Gray Dog is located at 500 N Oregon St. El Paso, TX 79901. We are hoping to get a larger group at this meeting to talk about new Co-chairs and some more issues moving forward.

Help spread the word on Jose Plasencia for city council District 4!

Please visit our new website epgreenparty.org for more green party news.
